CAREER OVERVIEW

React Native and React JS Developer with over 3+ years of experience in mobile and web app development. Dedicated to ongoing professional development and keen on evolving mobile technology trends. Proficient in logical reasoning, with a focus on driving advancements in mobile technology.

TECHNICAL SKILLS

React Native, React JS, Mobile Application Development, Web Application, Android Studio, Xcode, Fastlane, C#, .NET, IOS, Javascript, GraphQl, Typescript, Git, Tailwind CSS, Node, Angular, Express, MongoDB, SQL.

WORK EXPERIENCE

Software Engineer, Courseplay, Mumbai   December 2023 - Present

- Designed and developed high-performance mobile applications for Android and iOS using React Native, ensuring seamless cross-platform functionality.
- Integrated REST APIs and JSON to enable robust backend communication and real-time data synchronization.
- Leveraged CI/CD workflows to increase deployment frequency by 50% and reduce deployment failures by 25%, significantly improving project efficiency.
- Streamlined application performance by implementing efficient Redux state management techniques.
- Applied Test-Driven Development (TDD) techniques, leading to a 35% reduction in post-deployment bugs, boosting product reliability and customer satisfaction.

Jr. Software Developer, Plus91 Technologies, Pune   July 2022 - November 2023

- Led deployment and maintenance of cross-platform apps for Android/iOS, enhancing user experience & performance by 40%.
- Fostered client communication, ensuring 30% more accurate requirement gathering and facilitated a 20% smoother API integration with backend teams.
- Managed React Native projects with CLI and Expo, increasing product quality and efficiency by 25%.
- Instrumental in Stripe Payment Gateway integration, elevating financial transactions and user satisfaction by 35%.
- Expertly managed outsourced projects, aligning development with client goals and improving timeline adherence by 50%.

PROJECTS

AmGuru (Android and IOS) Using React Native CLI: Led initiatives in SEO and SMO, resulting in a 30% increase in search engine visibility and a 20% rise in social media engagement, significantly boosting the app's online presence. Contributed to reaching a milestone of 100,000+ downloads, establishing the app as a leading platform for PTE preparation.

Medixcel (Android and IOS) Using React Native Expo: Developed and maintained a leading healthcare mobile application facilitating seamless access to patient health records and doctor profiles. Implemented government ABHA integrations to enhance functionality and compliance with healthcare regulations.

HexaDial Android and IOS) Using React Native CLI: Designed and implemented a leading finance application connecting loan applicants with lenders. Streamlined loan application processes and enhanced user experience through robust features for loan management and financial tracking.

EDUCATION

Master of Computer Science   Government College of Engineering, Karad   July 2022
